changefn

Your Team Board and Call Sign

A live scoreboard for the whole CFN floor, and a private page that's just yours. Here is how it works and how to get set up in two minutes.

SIGN IN HERE

board.changefn.com/me

Use your **@changefn.com** Google account

Get set up in 3 steps

It takes about two minutes. No new password. You sign in with the Google account you already use for CFN email.

1 Open the link

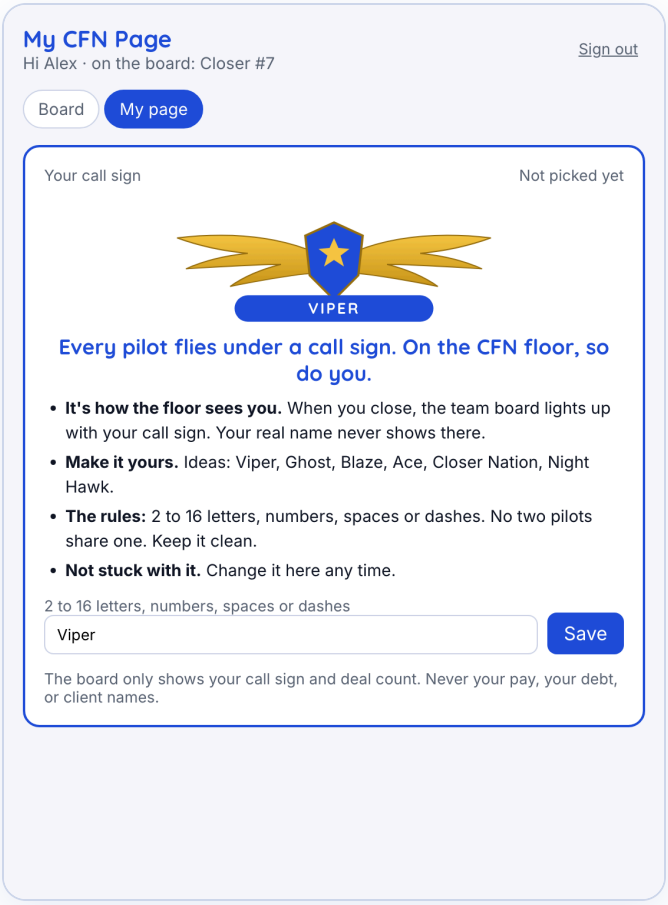

Go to **board.changefn.com/me** on your phone or computer. Bookmark it.

2 Sign in with Google

Tap **Sign in with Google** and pick your **@changefn.com** account. Personal Gmail accounts will not work.

3 Pick your call sign

Every pilot flies under a call sign. On the CFN floor, so do you. Type yours and watch it appear on your wings, then tap **Save**.

CALL SIGN RULES

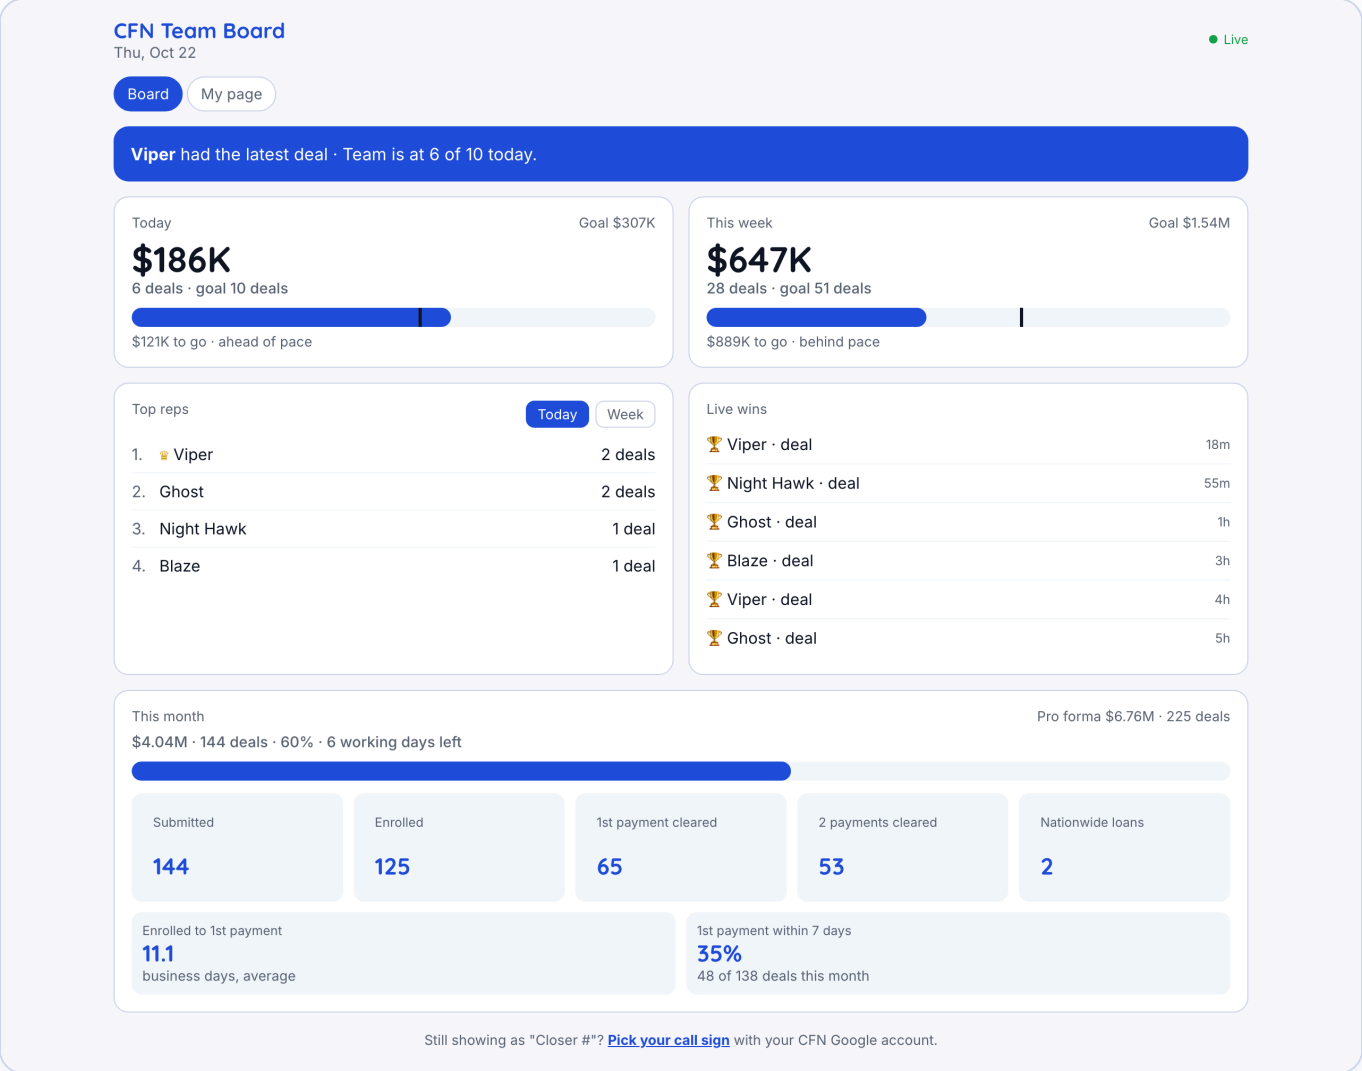

- **2 to 16 characters:** letters, numbers, spaces, or dashes.
- **One of a kind.** No two pilots share a call sign. "Ghost", "GHOST", "Gh0st" and "Gh-ost" all count as the same name.
- **Keep it clean.** Rude names are blocked, and a manager can reset one.
- **Change it any time** on your page.

Need ideas? Viper, Ghost, Blaze, Ace, Night Hawk, Closer Nation.

Until you pick one, the board shows you as "Closer #" and a number.

The team board

One live scoreboard for the whole floor. It updates on its own every few seconds. Open it from the **Board** tab after you sign in, or put it on a TV.

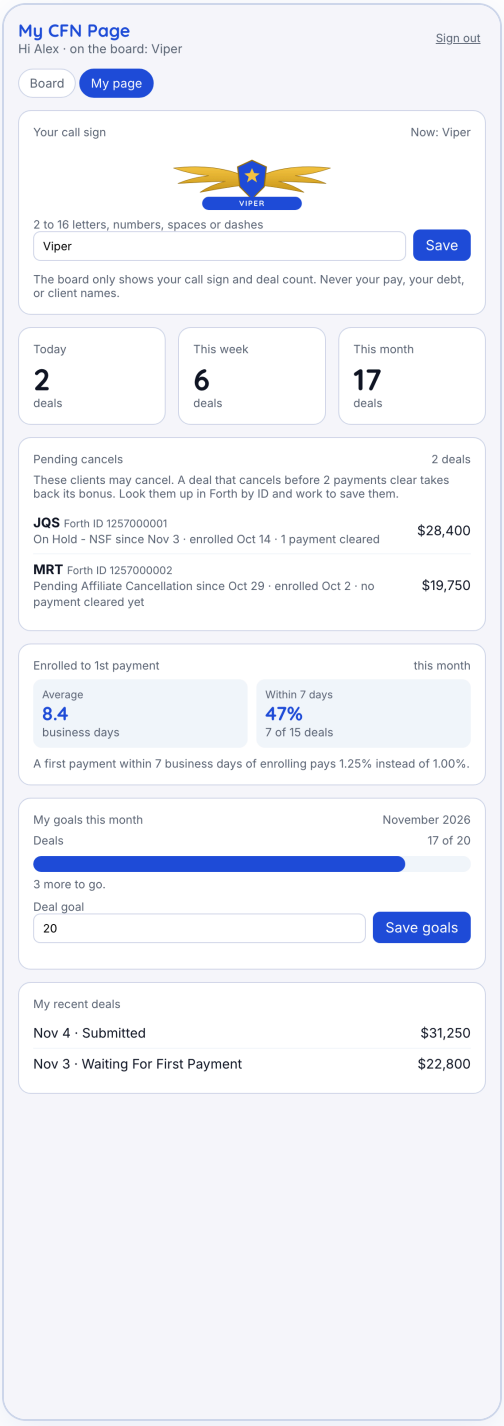

Example screen with sample call signs.

1. **Win banner and confetti.** Every new deal lights up the board with the closer's call sign.
2. **Today and This week.** Team progress toward the daily and weekly goals, and the average deal size. The black line shows where we should be by now.
3. **Top reps.** Ranked by deals, today or this week. The crown goes to #1.
4. **Live wins.** Today's deals with each deal's size, and Nationwide loans, newest first.
5. **This month.** The team against the monthly plan: submitted, enrolled, 1st payment cleared, 2 payments cleared, and loans.
6. **Speed to 1st payment.** Business days from enrolled to the first payment, and the share within 7 days.

Goal hit? When the team reaches the daily or weekly goal, the whole board celebrates.

My page: just for you

Your own page at board.changefn.com/me. Only you and your managers can see it.

YOUR WINGS

Your call sign, shown how the floor sees it. Change it any time.

YOUR DEALS

Today, this week, and this month, plus your most recent deals.

PENDING CANCELS

Your clients who may cancel (cancellation pending, NSF, and similar). Each one shows the Forth ID so you can look them up and work to save the deal, and how many payments have cleared. **A deal that cancels before 2 payments clear takes back its bonus.**

SPEED TO 1ST PAYMENT

Your average business days from enrolled to the first payment. **A first payment within 7 business days pays 1.25% instead of 1.00%.** Set it sooner, earn more.

MY GOALS

Set your own monthly deal goal and track your progress. Private to you and your managers.

Who sees what

	TEAM BOARD (WHOLE FLOOR)	MY PAGE (YOU)	MANAGERS
Your call sign and deal count	Yes	Yes	Yes
Your real name	Never	Yes	Yes
Each deal's size (enrolled debt)	Yes	Yes	Yes
Client initials	Never	Yes	Yes
Client names	Never	Never	Never
Your goals and pending cancels	Never	Yes	Yes

The board shows team totals, the average deal size, and the size of each win. It never shows pay or anything that identifies a client.

COMING SOON

Your pay, on your page. Your commission history, a projection of your next paycheck, and a commission goal. It turns on once the new payroll system goes live.

Questions

It says I'm not on the roster.

Your CFN Google account has to match the email on your Forth user. Ask your manager to check Forth. New closers are added every morning.

Which Google account do I use?

Your @changefn.com account only. If your phone signs you in to personal Gmail, pick "Use another account".

My call sign is "taken".

Someone has it, or one that looks the same. Try a twist on it.

My deal isn't on the board yet.

It shows once it is Submitted in Forth. Give it up to 10 minutes.

How do I sign out?

Tap **Sign out** at the top of your page. Sign-ins last 7 days.

Who do I ask?

Your manager or sales operations.

For managers: onboarding a new rep

Most of it runs on its own. The Onboarding tab at board.changefn.com/me shows where each new closer stands.

1 Create them in Forth

Closer role, with their **@changefn.com** email. The next morning they appear on the board as "Closer #" and the payroll group gets a note.

2 Send the welcome text

Onboarding tab, **Copy welcome text**, paste it into a text or email. It has the sign-in link, call sign rules, and this guide.

3 Set up pay

US reps: add them in Gusto as usual. The system links them the next morning and picks up their salary.
Overseas reps: tap **Paid overseas** on the Onboarding tab. Their deals still count; this system does not pay them.

4 Watch the checklist

Signed in, call sign, pay, first deal. If a new rep is stuck for 2 days, the payroll group gets one note at 9 AM Eastern.

PAYDAY, EVERY TWO WEEKS

- **Tuesday 10 AM:** the review link lands in the payroll group. Review it.
- **Approve:** the owner replies APPROVED plus the 4-digit pay date.
- **Tuesday evening or Wednesday:** commission loads into the Gusto draft and is checked to the cent.
- **By Thursday 4 PM Pacific:** payroll is submitted in Gusto (or by Gusto AutoPilot).
