Your coach is now in Google Chat

CFN Coach is already set up for you. It sends you a private message every morning with the deals that need you, and answers your questions any time. Only you see your messages.

WHERE TO FIND IT

1 Open Google Chat

On your computer at **chat.google.com**, or the Chat tab in the Gmail app on your phone. Use your **@changefn.com** account.

2 Open CFN Coach

It's already in your chat list, under **Apps**. Nothing to install or set up.

3 Turn on notifications

Keep notifications on for CFN Coach so you see cancel alerts the moment they happen.

WHAT IT SENDS YOU

EVERY MORNING AT 7 AM (MON TO SAT)

1. Saves first. Your deals at risk of cancel or returned to fix, with what happened. Call these before anything else.

2. Check-ins. Your clients whose first deposit is in the next 2 business days, or likely did not clear, with what to say.

AS IT HAPPENS

Cancel alerts. The moment one of your deals is cancelled, returned, or goes at risk, while it has fewer than 2 payments cleared.

Clients show as initials and Forth ID only. Never client names.

Ask it anything

Same Coach as on the board. It answers from the CFN playbook, scripts, rebuttals and company rules, and knows your own deals.

TRY ASKING

"What do I say when they ask if it hurts their credit?"

"Client says they need to talk to their wife. Give me a rebuttal."

"Which of my deals have a deposit coming up?"

COMMANDS

/new	start a fresh chat
/practice	run a practice call (the Coach plays the client)
/score	end the practice call and get scored
/alerts	see what it sends you and when
/help	show these again

IN THE TEAM GROUP CHAT

- Type **@CFN Coach** and your question to get an answer for everyone.
- In the group it never talks about anyone's deals, pay, or numbers. For your own, message it directly.

NEVER TYPE CLIENT DETAILS

Never type a client's Social Security number, bank or card number, or full name into the Coach. Use initials and the Forth ID.
