Sales floor rollout

Your Team Board, Call Sign, and Coach

A live scoreboard for the whole CFN floor, a private page that's just yours, and a Coach in your pocket for every call. Here is how it works and how to get set up in two minutes.

SIGN IN HERE

board.changefn.com/me

Use your **@changefn.com** Google account

Get set up in 3 steps

It takes about two minutes. No new password. You sign in with the Google account you already use for CFN email.

1 Open the link

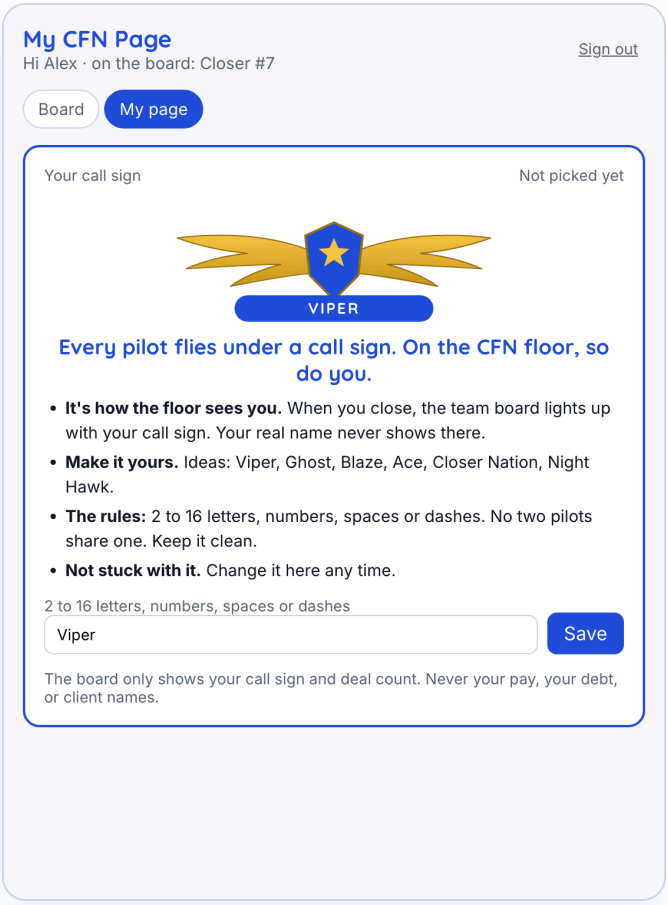

Go to **board.changefn.com/me** on your phone or computer. Bookmark it.

2 Sign in with Google

Tap **Sign in with Google** and pick your **@changefn.com** account. Personal Gmail accounts will not work.

3 Pick your call sign

Every pilot flies under a call sign. On the CFN floor, so do you. Type yours and watch it appear on your wings, then tap **Save**.

CALL SIGN RULES

- **2 to 16 characters:** letters, numbers, spaces, or dashes.
- **One of a kind.** No two pilots share a call sign. "Ghost", "GHOST", "Gh0st" and "Gh-ost" all count as the same name.
- **Keep it clean.** Rude names are blocked, and a manager can reset one.
- **Change it any time** on your page.

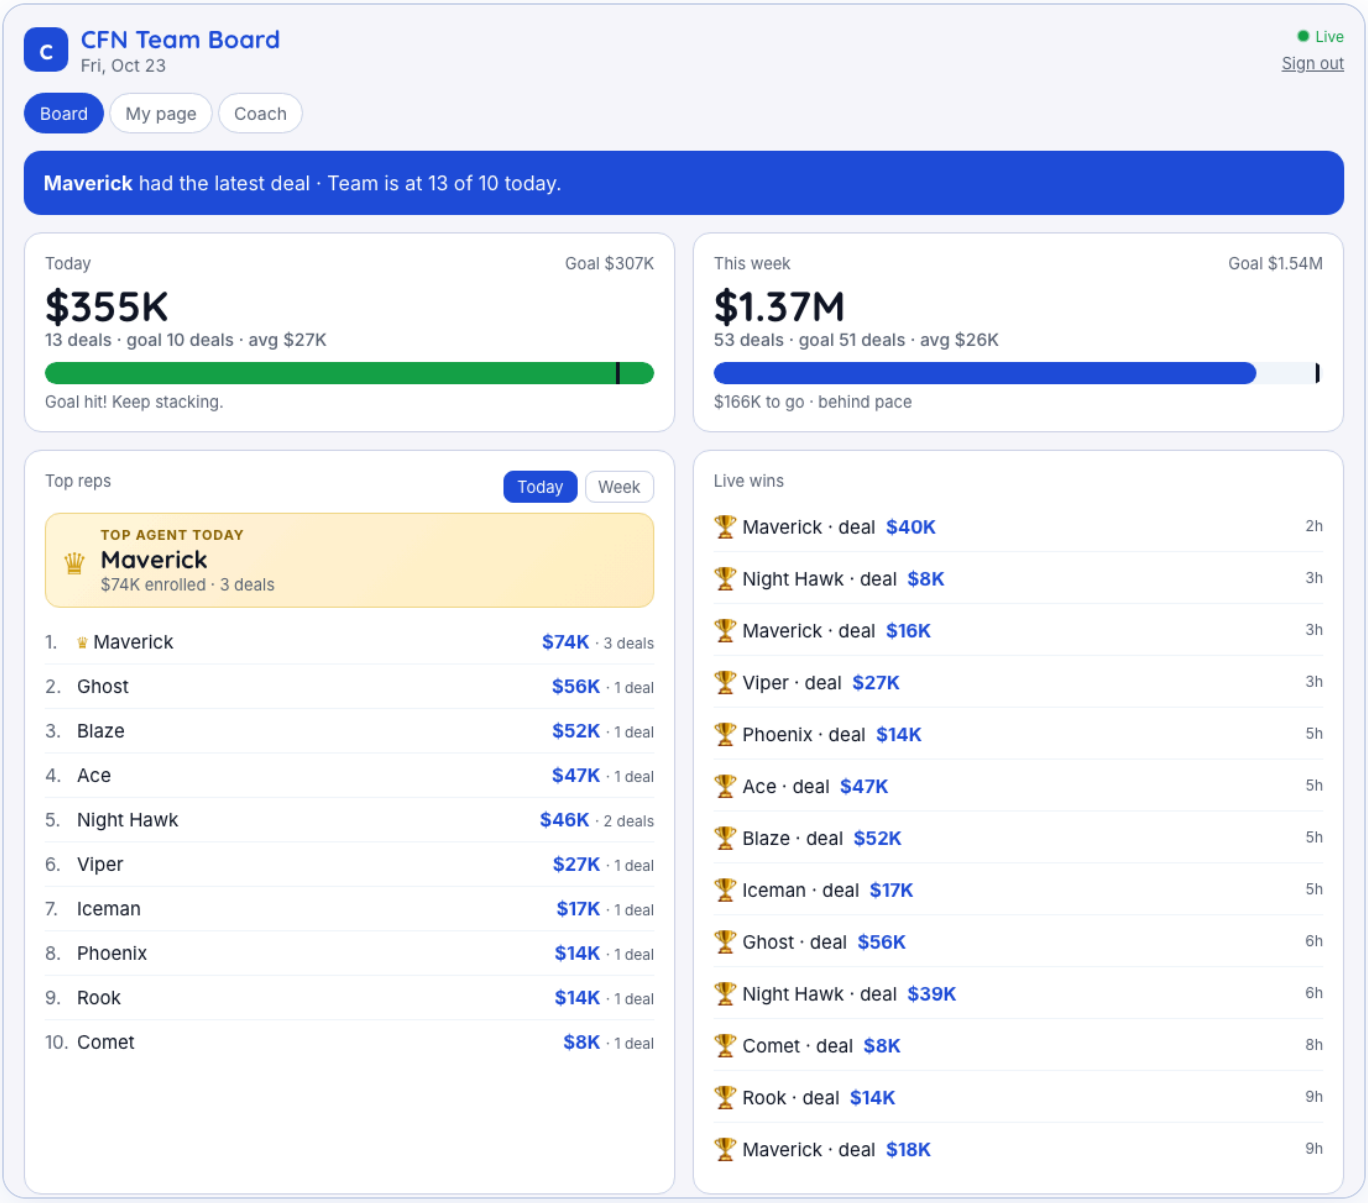

Need ideas? Viper, Ghost, Blaze, Ace, Night Hawk, Closer Nation.

Until you pick one, the board shows you as "Closer #" and a number.

Opened the link from Telegram, Gmail, or Messages? Those apps keep their own sign-in, so sign in there once too.

The team board

One live scoreboard for the whole floor, on Pacific time. It updates on its own every few seconds. Open it from the **Board** tab after you sign in, or put it on a TV.

Example screen with sample call signs.

1. **Win banner and confetti.** Every new deal lights up the board with the closer's call sign.
2. **Today and This week.** Team debt and deals toward the goal. The black line shows where we should be by now (floor hours 6:30 AM to 5 PM Pacific).
3. **Top reps.** Ranked by debt enrolled, today or this week. The crown goes to #1.
4. **Live wins.** Today's deals with each deal's size, and Nationwide loans, newest first.

Goal hit? When the team reaches the daily or weekly goal, the whole board celebrates.

This month, and the deals behind every number

The bottom of the board follows this month's deals from submitted to paid, so the whole floor sees what sticks, not just what was sold.

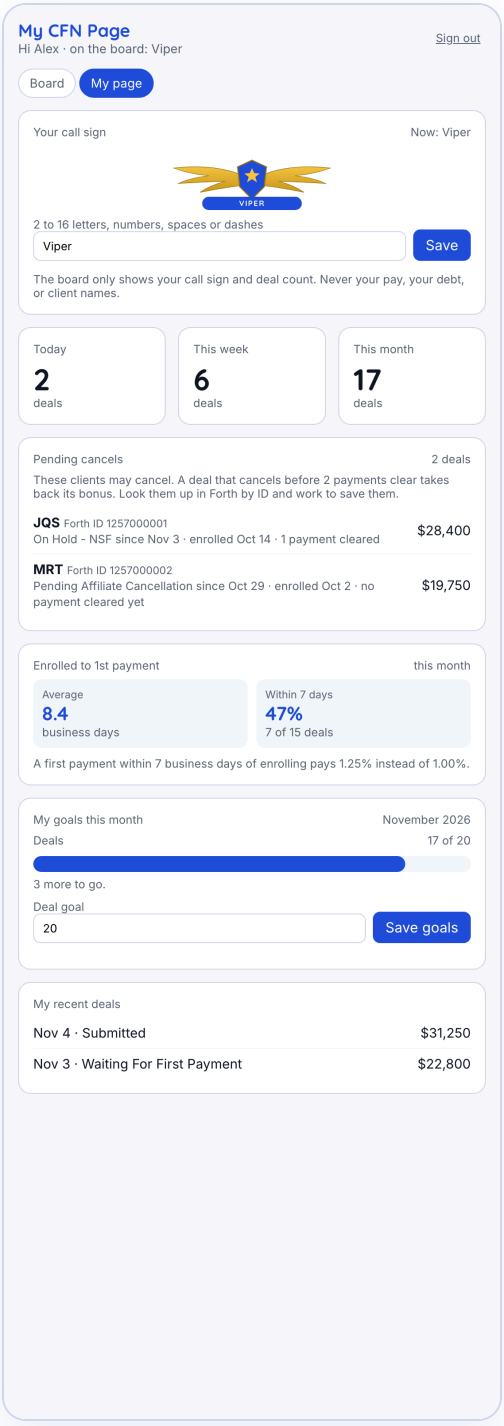

1. **Where this month's deals are now.** Submitted, then waiting on the 1st payment, 1st payment cleared, 2 payments cleared. Each shows its share of what was submitted.
2. **Cancelled or at risk** (red). Cancels, NSFs, and pending cancellations. These are the deals to save.
3. **Returned, to fix.** Deals sent back by the law firm. They do not count until fixed and resubmitted.
4. **Money cleared this month.** First and second payments that cleared this month, on deals from any month, plus Nationwide loans.
5. **Speed to 1st payment.** Today: business days from submitted to the scheduled first payment. This month: from enrolled. The goal is 7 business days or less.

TAP ANY NUMBER

Signed in, tap any number on the board to see the deals behind it: date, closer, Forth ID, client initials, debt, and status. Closers see their own deals; managers see everyone's.

My page: just for you

Your own page at board.changefn.com/me. Only you and your managers can see it.

YOUR WINGS

Your call sign, shown how the floor sees it. Change it any time.

YOUR DEALS

Today, this week, and this month, plus your most recent deals.

PENDING CANCELS

Your clients who may cancel (cancellation pending, NSF, and similar). Each one shows the Forth ID so you can look them up and work to save the deal, and how many payments have cleared. **A deal that cancels before 2 payments clear takes back its bonus.**

SPEED TO 1ST PAYMENT

Your average business days from enrolled to the first payment. **A first payment within 7 business days pays 1.25% instead of 1.00%.** Set it sooner, earn more.

MY GOALS

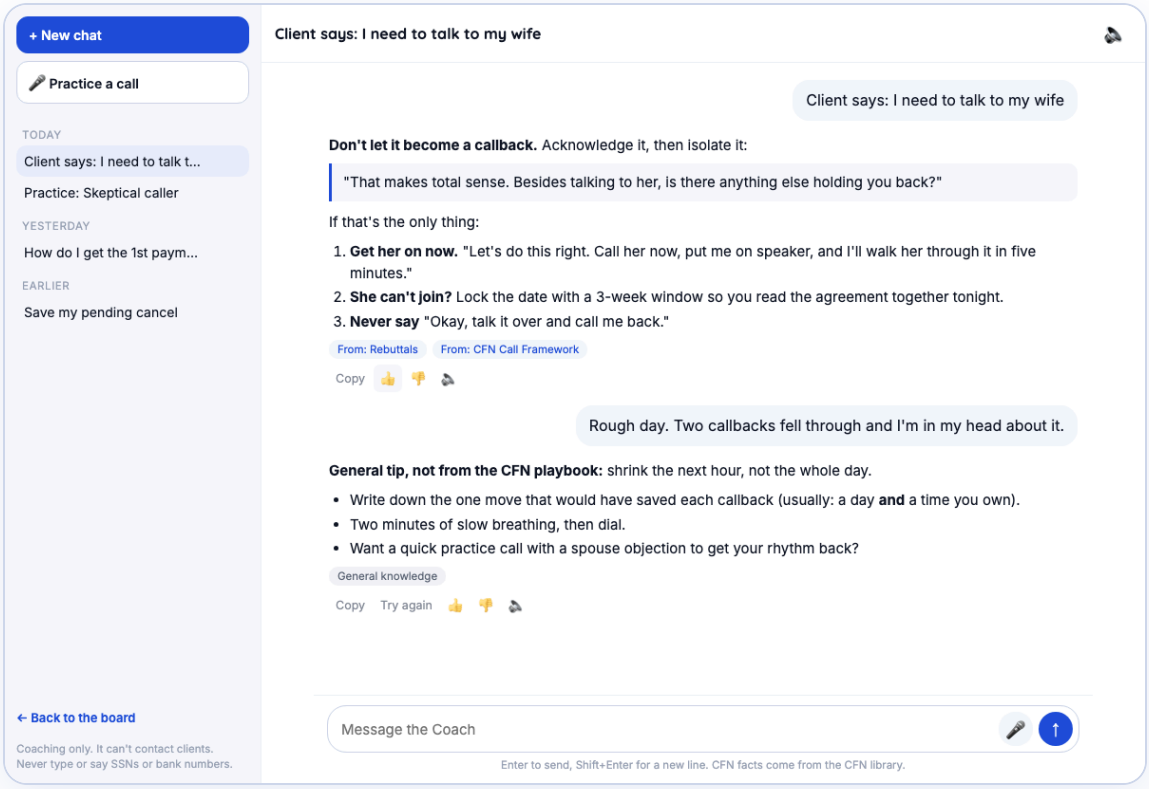

Set your own monthly deal goal and track your progress. Private to you and your managers.

YOUR COACH

The **Coach** button on every page, or the Coach tab. More on the next page.

Your Coach: on every call, good days and bad

An AI coach built on the CFN playbook. Ask it what to say, paste what the client just said, practice a call, or talk through a rough day. Open **board.changefn.com/coach**, or tap **Coach** on any page.

1. **Ask anything.** Word tracks, objections, the call flow, your pending cancels, the 7-day first payment. Answers type out as they come; tap the square to stop.
2. **CFN facts come from the CFN library** and show tags like "From: Rebuttals". General advice (mindset, rapport, writing a text) is marked "General tip". If it doesn't know a CFN fact, it says so and sends you to your manager.
3. **Practice a call.** Pick a client (skeptical, "talk to my spouse", lawsuit worry, and more). The Coach plays the client. Tap **Score my call** for a score on the CFN checks, what to work on, and better lines.
4. **Talk to it.** Tap the mic to speak, and the speaker to hear answers out loud.
5. **Your chats are saved** on the left. Start on your phone, pick up on the computer.
6. **Thumbs up or down** on any answer. A thumbs down with a note tells managers what to fix.

Never type or say a client's SSN, date of birth, or bank or card numbers. The Coach only talks to you. It can't text, email, or call clients.

Who sees what

	TEAM BOARD (WHOLE FLOOR)	MY PAGE (YOU)	MANAGERS
Your call sign and deal count	Yes	Yes	Yes
Your real name	Never	Yes	Yes
Each deal's size (enrolled debt)	Yes	Yes	Yes
Client initials	Never	Yes	Yes
Client names	Never	Never	Never
Your goals and pending cancels	Never	Yes	Yes
Your Coach chats	Never	Yes	Only questions it couldn't answer and answers rated thumbs down

The board shows team totals, the average deal size, and the size of each win. It never shows pay or anything that identifies a client.

COMING SOON

Your pay, on your page. Your commission history, a projection of your next paycheck, and a commission goal. It turns on once the new payroll system goes live.

Questions

It says I'm not on the roster.

Your CFN Google account has to match the email on your Forth user. Ask your manager to check Forth. New closers are added every morning.

Which Google account do I use?

Your @changefn.com account only. If your phone signs you in to personal Gmail, pick "Use another account".

My call sign is "taken".

Someone has it, or one that looks the same. Try a twist on it.

My deal isn't on the board yet.

It shows once it is Submitted in Forth. Give it up to 10 minutes. Days run midnight to midnight Pacific.

How do I sign out?

Tap **Sign out** at the top of your page. Sign-ins last 7 days.

Who do I ask?

Your manager or sales operations.

For managers: the Staff area

Sign in at board.changefn.com/me with your manager account. The board's **Staff** tab and these tabs are yours.

Reps	Any closer's page, exactly as they see it.
Deals	Every deal behind any board number. Filter by closer, status, or dates, sort, download for Excel, and copy a link to share the exact view.
Saves	Returned deals to fix and deals at risk of cancel, biggest first, with whether commission was already paid.
Coach library	Approve the documents the Coach answers from, see questions it could not answer, thumbs-down answers, and practice calls per closer.
Onboarding	Where each new closer stands, the welcome text to copy, and the "Paid overseas" switch.
Payroll, Team pay	Review the next payroll and everyone's next paycheck.

ONBOARDING A NEW REP

- **Create them in Forth** (closer role, @changefn.com email). They appear the next morning.
- **Send the welcome text** from the Onboarding tab.
- **Pay:** US reps go in Gusto as usual; tap **Paid overseas** for overseas reps.
- Stuck 2 days? One Telegram note at 7 AM Pacific.

IN TELEGRAM, AUTOMATICALLY

- **Cancel alerts** within about 10 minutes of a cancel, NSF, or return.
- **Saves check** every morning.
- **Weekly report** Fridays 4 PM Pacific: net deals per closer.
- **Payday:** review link Tuesday 7 AM Pacific; the owner replies APPROVED plus the 4-digit pay date; commission loads into the Gusto draft; submitted in Gusto by Thursday.
